May 21, 2013

FMAD Students with designer Cynthia Rowley

We are pleased to announce that the School of Human Ecology has been ranked #49 in a list of the top 75 Fashion Merchandising schools in the US. Over 200 institutions offering Fashion Merchandising were evaluated for “academic reputation, admission selectivity, depth and breadth of the program and faculty, and geographic location.” Georgia Southern’s commitment to excellence, high academic standards, and professional development opportunities for students make the FMAD program among the country’s best.
